

## DIRECTIONS

Hotel Chanquetas is about 40 minutes from the town of **Chinandega**, and is easily accessible from the airport in **Managua** (about a 2 1/2 hour drive). You get there in 4 steps:

- 1: Managua to Leon**
- 2: Leon to Chinandega**
- 3: Chinandega to El Viejo**
- 4: El Viejo to Aserradores**

### **1. Managua to Leon**

From Managua airport turn left out of the Airport follow the airport road West, always stay straight on this road which will lead you out of the city. This takes about 15 minutes without traffic. This road will take you up a big hill exiting the city and to the highway called "**Carretera Norte**".

**You will turn right onto the highway (north)** and continue for about 1 and a half hours following signs to **LEON**. When you reach Leon you should avoid entering the city by **turning right at the big modern gas station**. Go about 10 mins. Until to reach the ON THE RUN gas station. Turn right here.

### **2. Leon to Chinandega.**

You are now looking for signs to chinandega.

You will drive about a half hour to **Chinandega**.

When you get to the big round about you have reached Chinandega

Make your first right out of the round about, there will be a Texaco on your left.

### **3.Chinandega to EL Viejo.**

You are now looking for signs for EL Viejo.

After about two miles turn left one block after a BIG bridge. Next go one block and turn right which forces you to cross a small bridge. Continue on this road about half mile until you get to a red light intersection. Then turn right at the intersection and continue about 3 miles. There will be a Petronic gas station on your right, here you will see a fork in the road. At the fork merge left and continue straight. You are now leaving **El Viejo** which is the LAST PLACE ON YOUR DRIVE TO GET GAS AND GROCERIES!!!!

#### **4.El Viejo to Aserradores**

By merging left at the fork you will be heading north. Continue on this road for about 15 miles. After crossing a LARGE CONCRETE BRIDGE begin to look for the paved road to Aserradores. The paved road is located on the left a quarter mile after the LARGE BRIDGE. You can identify the road by the RED SIGNS that read **APOSENTILLO, ASERRADORES & MARINA PUESTA DEL SOL**. TURN LEFT here and go about 5 miles until the paved road ends. Where the paved road ends you will turn left. We are about a mile up on the right side. (Look for the Hotel Chanquetas sign).

## FROM SAN JUAN DEL SUR & RIVAS:

Travel to Managua via Jinotepe, not through Masaya. From Managua look out for signs to Leon. (**The fast route is to take the new highway aka La Nueva Carretera Norte**, but you can always check waves by taking the coastal route along the old highway). The coastal route is La Vieja Carretera Norte aka old highway. NOTE: there are lots of pot holes and its sometimes slow going, however, you can check out the Miramar Pipes along the way. From LEON follow directions above.
